BRITISH STEAMERS TORPEDOED

MRS. BURNS ORDERED TO STATE HOSPITAL

Court Sends Her There for Observation
for Six Months As to Her
Mental Condition on Motion
Filed By Her Attorneys.

Mrs. Mary A. Burns charged with murdering her husband, Frank Burns, at Nottingham on December 22d last, was taken on motion of her counsel, John H. Bartlett and John L. Mitchell to the State Hospital at Concord, N. H., on Thursday afternoon where she again entered a plea of not guilty.

Judge Young, after reading the motion ordered Mrs. Burns to the state hospital at Concord for observation as to her mental condition until the October term of the court. If at the end of six months, it is the opinion of the physicians at the State hospital that she is sane, Mrs. Burns will be returned here for trial. On the other hand, if the physicians conclude that she is mentally unbalanced she will be confined in the hospital as an insane person.

The motion filed by Mrs. Burns' attorneys and signed by her sister, Rosetta Gove, as her next friend, follows:

State of New Hampshire.
Rockingham, S. S.
To the Superior Court:
Under Section 1 of Chapter 13 of the laws of 1900, Mary A. Burns alleges that she is indicted for the murder of Frank Burns and gives notice to said Court and to the justice before whom she is to be tried, as follows, namely: That at the time of the death of her alleged husband, which she stands charged with causing, she was of un-

sound mind and was planning and intending suicide and had no idea, purpose or intention of causing the death of her alleged husband; that his death was caused she believes, by his accidentally drinking a poison mixture which she had prepared for herself; that she is now insane, and that justice requires that this Court should order her into the care and custody of the Superintendent of the New Hampshire State Hospital, to be detained and observed by him until further order of the court, or until she shall have been ordered discharged from said New Hampshire State Hospital by its Trustees upon a report to them by said Superintendent that she is not insane.

(Signed) John H. Bartlett, John L. Mitchell, Attorneys for Mary A. Burns.

(Signed) Rosetta Gove, Next Friend and Sister of Mary A. Burns.

The papers necessary for her removal from the jail where she is now, are being made out and she will probably be taken to Concord Saturday morning.

German Submarines Get the Cudeby and the Argyleshire--Italians Con- tinue Capturing Austrian Terri- tory--Port of Gardo Occupied

(Special to The Herald)

London, May 28.—The British steamer Cudeby has been torpedoed off Wolf light by a German submarine. The Cudeby, a steamer of 1,130 tons, was bound from Oporto, Portugal, to Cardiff, Wales. She was attacked near the Scilly islands, the waters about which have been a favorite hunting ground for the German submarines. The crew of 18 men, four passengers and a stowaway took to the boats, then the Cudeby was sunk and were later picked up by a fishing craft which landed them on the Cornwall coast today. The Cudeby was carrying a cargo of wood. She was shelled for fifteen minutes by the submarine before the torpedo was fired at her. This shattered her hull and she sank in 20 minutes.

(Special to The Herald)

Liverpool, May 28.—The British liner Argyleshire, which reached port here today, reported that she had been torpedoed by a German submarine. S. O. S. calls were sent out for aid, but the vessel was able to make this port without assistance, although badly damaged. The Argyleshire is a vessel of 10,332 tons.

(Special to The Herald)

Rome, May 28.—The Italian army which is driving towards Trieste, has occupied the Austrian port at the City of Gardo on the Gulf of Trieste, and only 25 miles from Trieste, it is officially stated in an announcement given out by the Italian war office today. A squadron of Italian aeroplanes that crossed the northern end of the Adriatic sea successfully bombarded

night of May 26-27, destroying part of the line and severely crippling troop and supply movements of the Austrians. Violent artillery duels are in progress among the Alpine mountains on the Tyrol boundary. The Italian army of occupation between the Iudrio and the Isongo rivers is increasing the extent of the captured Austrian territory. Many prisoners have been taken and at some points the inhabitants received the invading Italians with cordial expressions of fraternity.

FRENCH LINER ASHORE

(Special to The Herald)

Paris, May 28.—The French liner La Champagne ran aground on the French coast off St. Nazaire early today. All her passengers were later landed at St. Nazaire.

WOMEN GIVE FLAGPOLE

Generous Gift of Equal Suffrage League.

The appeal made by The Herald for a flagpole for the baseball park of the playgrounds has been answered. The Women's Equal Suffrage League have voted to donate the staff to the city. The pole will be of steel construction, and ordered shipped and erected as soon as possible. This will be pleasing news to the thousands of people who visit the grounds who have so long looked for the Stars and Stripes at the mast head at the baseball grounds.

88TH ANNIVERSARY.

her 88th birthday on Thursday by giving a tea to several of her friends at the home of her daughter, Mrs. John W. Emery of Middle street. Mrs. Vaughan is hale and hearty and her guests had a right pleasant afternoon.

NORTH CAROLINA ASHORE AT EGYPT

Captain Oman Reported Facts
to Navy Department
Today.

(Special to The Herald)

Washington, May 28.—Captain Oman commanding the United States cruiser North Carolina, today reported to the navy department that his vessel is aground, but uninjured, inside the outer harbor at Alexandria, Egypt.

"Ship aground inside outer harbor," the message read, "unable to move the ship today (Thursday); dredge working tonight; ship not damaged; cruiser Des Moines has arrived."

The North Carolina is under orders to come home and serve as an auxiliary to the navy hydroplanes at Pensacola.

INCENDIARY FIRE AT VILLAGE OF GILMANTON IRON WORKS

Entire Settlement Almost Destroyed
and Flames Still Raging at Noon.

(Special to The Herald)

Gilmanton, N. H., May 28.—The village of Gilmanton Iron Works was almost destroyed by an incendiary fire early today. Fanned by a high wind the fire was still raging at noon. Nearly every able bodied man in this town which is eight miles from Gilmanton went to the scene. Every telephone in Gilmanton was put out of commission.

Before the wires came down, Mrs. Edith Welch, the telephone operator at Alton was awakened and it is owing to her good work that the author-

ities at Alton were notified.

There is no water service or fire department at Gilmanton. After burning for several hours the fire was checked shortly after noon when it burned to the Suncook river. The total loss is \$50,000. The authorities say there is no doubt that the fire was set. Among the buildings burned were 20 dwellings, Odd Fellows Hall, the Free Will Baptist church, the town school, the stores of Chase, C. A. Dockam and Michael and Cuttles and the establishment of Lord, the undertaker, which held the village postoffice.

Used by other cars—Yes! —but not in a Studebaker

Semi-floating Rear Axle

Dangerous in that the axle shifts not only to turn the wheels but also carries the weight of the car and takes up the side thrusts. Does EXTERIOR work and endangers the shaft. In place of it, Studebaker has a FULL-floating Rear Axle which carries the car on the axle housing, has TWO Timken bearings in EACH hub to take up side thrusts and leaves the shaft itself free merely to turn the wheels. Safe on any road at any speed. Be sure your car has a semi-floating rear axle.

High-Tension Magneto

An unnecessary and high priced device—and not as good for it—doesn't give the hot spark at slow motor speeds when the battery runs low. In place of the high-tension magneto, Studebaker has an electric system ignition, the most of the other high-grade cars. Doesn't vary with the motor's speed—always delivers full ignition energy. Inexpensive, easily fixed.

Thermo-siphon Cooling System

Requires no much larger a volume of water than radiator, water-jackets and header have to be much larger and HEAVIER. Creates no oil leak when system is FULL. In place of it, Studebaker has a Force-pump system that allows the lightest cooling system possible, but guarantees thorough and efficient cooling always. Be sure your car has the same TROUBLE-preventing system of cooling.

Drive Thro' Springs

Makes it necessary to use either springs. Hence, car becomes HARD-riding. Also, disarrangement of drive when car hits a stone or drops into rut. In place of it, Studebaker has TWO radial rods and torque arm which relieve springs altogether and free them for flexing, shock absorbing, lifting and jarring. Be sure your car drives thro' ruts and potholes with a torque arm. It means DRIVING COMFORT.

Pressure or Suction Gasoline Systems

Troublesome—liable to leak all with such long lines of piping. Studebaker places tank far back—nearer to motor to fill. And shortens line of piping to chamber from eight feet to eighteen inches. Great SURETY on any grade.

Cylinders Cast Singly

Taken meter with HEAVIER—cast with HEAVIER—cast in one piece to insure alignment. Cast down water cooling passages. Studebaker uses a motor cast in one piece which gives extra strength, more effective cooling, lighter weight and more accessible design.

And the reason is simply that Studebaker doesn't dare to. For those designs listed over on the side are "old-timers" in engineering. They aren't the new ideas in building a car. Long ago they gave place to BETTER designs. And while other manufacturers may cling to them, because they don't care to go to the manufacturing expense that extensive changes in design incur—Studebaker CAN'T.

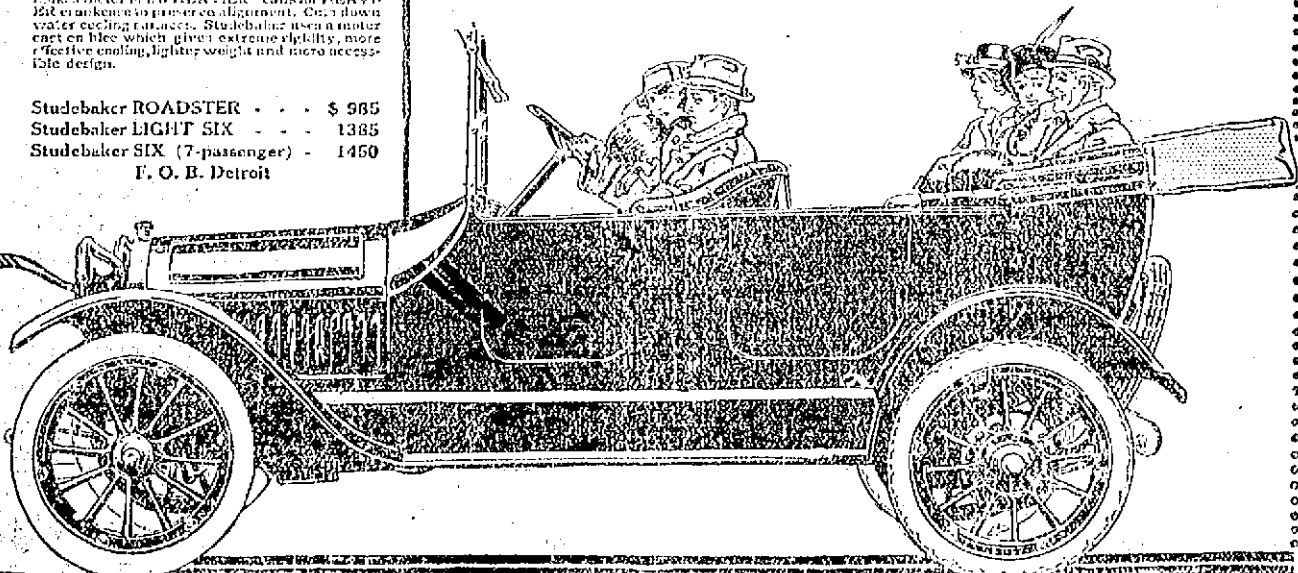

For, you see, when a man comes to look at a Studebaker, he EXPECTS quality. Price is rarely the attraction. He has in mind the QUALITY, the ideals in manufacturing that name of Studebaker has stood for so long. He expects a reasonable price—yes! For he knows that Studebaker is one of the largest organizations in existence devoted to the building of cars. And in a series of plants that have a capacity of 1000 cars a week, it is only natural to expect low manufacturing costs—and therefore, low prices.

But first of all, he looks for QUALITY. And Studebaker, of course, couldn't afford to have a man find a semi-floating rear axle in this FOUR, when everybody knows that type of axle has long since given place to the SAFER, more accessible FULL-floating Rear Axle. Couldn't afford, for example, to have him find drive thro' the springs—when GOOD design calls for drive thro' radius rods so as to free the springs from all possible strains. And so with every detail. IT HAS to be the highest quality and the latest design that is approved by engineers. And so the things listed on the side, you WON'T find in a Studebaker—

because it's a

BASES ON BALLS WERE NUMEROUS

K. of C. Defeated C. C. Co. By One Run in Last Evening's Game.

A cold wind and poor work on the part of the pitchers greeted the fans at last evening's session of the Sunset League when the Knights of Columbus defeated the Consolidation Coal Co., team, 3 to 2. Although the game went six innings, Moran pitched nine balls before a strike was called in the first inning and Driscoll had almost as hard a time to locate the plate.

It was mean weather and the lack of hitting and good work on the part of the pitchers may be laid to that. In the third inning three men on bases and one out Driscoll had the chance of his life time to come through, but he fanned, Hanson followed and fled out to center for the third out. A hit would have won the game.

About the one redeeming feature of last night's game was the work of Bailey behind the bat in catching base runners at second, nailing the first two in succession.

The Game

1st Inning—Moran hit Hanson with a pitched ball. He was out stealing. J. Bailey to P. Bailey. Kelly walked and was nailed at second the same as Hanson. Dowdell walked and took a long chance for second, making good. Cragen fanned. No runs.

J. Timmons fled out to Birtwistle. P. Bailey was out at first, Hanson to Birtwistle. Mercer hit safe toward 3rd base. T. Timmons got a hit but was out at second when O'Brien hit to the infield, Hanson to Esterbrook. No runs.

2nd Inning—Thompson out, P. Bailey to Reardon. Esterbrook fled out to center, Birtwistle fled out to short. No runs.

Reardon was hit stealing second and third. J. Bailey hit safe to right taking second on the throw in, Reardon scoring. P. Timmons fanned. Moran was out, Hanson to Birtwistle. Bailey taking third on the sacrifice. J. Bailey scored on a passed ball. J. Timmons was out at first, Esterbrook to Birtwistle. Two runs.

3rd Inning—Grant was out when Bailey caught his high foul. Driscoll fanned. Hanson hit safe. Kelly hit advancing Hanson to third and stealing second. Dowdell was safe on Reardon's error, Hanson scoring, but was out stealing. J. Bailey to P. Timmons.

One run.

P. Bailey was thrown out at first, Cragen to Birtwistle. Mercer fanned. T. Timmons was out, Esterbrook to Birtwistle. No runs.

4th Inning—Cragen drew a pass, Thompson sacrificed, J. Timmons to Reardon, Cragen taking third. Moran went up in the air passing Esterbrook, Birtwistle and Grant in a row forcing in Cragen. Driscoll fanned. Hanson fled out to T. Timmons. One run.

O'Brien hit safe but was forced out by Reardon, Esterbrook to Hanson. Reardon was out stealing. Grant to Hanson. J. Bailey walked and stole second. P. Timmons fled out to Dowdell. No runs.

5th Inning—Kelly was thrown out at first by Moran. Dowdell hit one down the 1st base line for an out to Reardon. Cragen drew a pass, Thompson hit safe, Cragen taking third. Esterbrook fanned. No runs.

Moran was out at first, Driscoll to Birtwistle. J. Timmons hit the ball to Esterbrook and was thrown out to Birtwistle. P. Bailey hit a hot grounder and Esterbrook threw wild to first, Bailey was safe. Mercer forced Bailey at second, Esterbrook to Hanson. No runs.

6th Inning—Birtwistle hit down the base line to Reardon and was out. Grant drew a base on balls. J. Bailey captured Driscoll's high foul. Kelly and Hanson drew a pass, filling the bases. Cragen was an easy out at first, P. Bailey to Reardon. No runs.

Mercer was passed, taking second when Driscoll threw wild to first trying to catch him napping. O'Brien went out, Driscoll to Birtwistle. Reardon hit safe to right field scoring O'Brien for the winning run.

BOXING NOTES

GLOVER TO MEET WELLS IN BOSTON NEXT TUESDAY

For the past few years Mike Glover, the clover South Boston welterweight, has made futile efforts to get the leaders of his class to recognize him, but one after the other gave him the once over and then passed on. He was considered too tough. Jack Britton engaged his attention in no decision bouts, but the Chicago flash always evaded a chance to mingle with the South Boston boy in a contest where a decision would be heard at the conclusion of hostilities.

But Glover at last is going to have an opportunity to demonstrate his ring qualifications. Jack Britton, declined to engage Mike's attention at the Atlas A. A. next Tuesday night, but Matt Wells, his stable partner, saw a chance too for a big match and he informed Dan Morgan, his manager, to clinch the bout for him. Bostonians remember Wells very well. He won the Lord Londsdale belt from Freddie Webb and displayed the trophy in that city when he went there to fight Pat Moore of Philadelphia.

As a performer he is one of the most satisfactory that ever drifted this way. A busy fellow, well versed in the game and a general as well, he proved himself to be a boxer who was willing to take chances notwithstanding he possessed a crown at the time.

This will be Wells' first appearance in this country since his return. Finding that he could not be a soldier because of a pair of cauliflower ears, he volunteered to teach the soldiers what he knew of athletics and prepared them for the front at a training station at London. His services were accepted, but after a few months' service the troops joined the Allies and Wells was left without a job. He then left for New York and resolved to go after Freddie Welsh on his arrival here. But Welsh's demands knocked his plans sky high and Wells decided to give up the job and seek other opponents. In the first place he was a little too heavy for Freddie and then he would have to make concessions to the champion that did not appeal to him.

Wells captured the Australian welterweight championship when he was in Sydney, and he saw an opportunity to get started right by engaging in a match with the boy who is generally recognized as the best man of his weight in America. By annexing that he would have two titles, and the world's championship would be his if he could on his return to England win the welterweight championship of the British Isles.

No time was lost attaching the match. The boxes will weigh 142 pounds. Glover is training for the bout at Mike Devaney's Highland Lake farm, while Wells is working at Stratford, Conn., with Battling Levinsky. It is the most important match of the season because of its international character and the fact that the event is likely to lead to a settlement of the welterweight title, which has been in abeyance for several years.

The preliminary program will have Joe Egan meeting Bert Davidson of Buffalo in an 8 round bout; Eddie Donahue and Joe Vargas. Together with Harry Carlson and Joe Carroll of Lawrence will furnish 6 round preliminary bouts. Popular assessment will prevail for this meeting also.

Partners, mechanics, railroaders, laborers, rely on Dr. Thomas' Electric Oil. Fine for cuts, burns, bruises. Should be kept in every home. 25c and 50c.

DAME RUMOR HAS SELECTED HEINE WAGNER FOR MANAGERIAL BERTH.

Boston, May 28—Heine Wagner, veteran second baseman of the Red Sox is slated for a managerial berth in the Johnson circuit according to persistent rumor which is going the rounds in baseball circles. Just what team Heine will lead is not definitely stated, but the impression prevails that he will supplant his boss, Bill Carrigan. It is known that Owner Lannin of the Red Sox is not entirely satisfied with the showing of his team since it has been under the direction of Carrigan, and as Lannin's personal

LIVE SPORTING TALK

New York, May 27—A part bonus and part straight salary system in the baseball players' contracts would do much to correct some of the present players' contracts would do much to correct some of the present salary injustices of baseball.

At the present time many magnates are bewailing the fact that some of their stars, who are drawing big salaries, under long-term, iron-clad contracts, are not giving them their best efforts, while some of the young players who are outbidding and outperforming the veterans are howling because they are tied to contracts that call for only one half or one third of the salary that is paid to the high-priced pitchers.

This condition could be remedied for all time by paying to each player a fixed salary, of a small amount each year, and putting a schedule of bonuses in his contracts, which would enable him to get paid for what he really is worth.

Our suggestion, concretely, is that: Fix a standard salary for each player somewhere around \$500, or \$2,000, a year which even the player is to get no matter how his work shows up. Then arrange a bonus system that is applicable to each branch of baseballers.

In the case of pitchers, a bonus of \$1000 could go to all pitchers finishing the season with an average of .500 or better \$1500 bonus money to the men winning 60 per cent of their games, \$2000 bonus to the men winning two thirds of their games, \$3000 bonus to men winning three fourths of their games, \$4000 bonus to men finishing with a mark above .750.

In this way a pitcher would get paid for what he did during the present season—not on his record of several seasons before. And in this way a kid pitcher would have as fair a chance to get big money as the veteran. All the kid would need to do would be to win games.

Pitchers could be given a small bonus for batting and fielding above a certain amount but should not be allowed to figure in the general bonus of other players for fielding and batting.

Outfielders, infielders and catchers could be guaranteed \$2000 a year and would earn their bonuses by their fielding and batting sums. Here is a schedule of bonuses that would suggest for batting:

.240 to .250	—\$250
.251 to .260	—350.
.261 to .270	—500.
.271 to .280	—600.
.281 to .290	—750.
.291 to .300	—1000.
.301 to .310	—1250.
.311 to .320	—1500.
.321 to .330	—2000.
.331 to .340	—2500.
.341 to .350	—3000.
Over .350	—3750.

Here is a schedule of bonuses for fielding:

Outfielders and Catchers	
.910 to .920	—200.
.921 to .930	—300.
.931 to .940	—500.
.941 to .950	—750.
.951 to .960	—1000.
.961 to .970	—1500.
.971 to .980	—2000.
.981 to .990	—2500.
.991 to 1.000	—3000.

Infielders	
.925 to .930	—200.
.931 to .940	—300.
.941 to .950	—500.
.951 to .960	—750.
.961 to .970	—1000.
.971 to .980	—1500.
.981 to .990	—2000.
.991 to 1.000	—2500.

Tobacco, Like Food, Must Be Fresh To Be Good

Real tobacco flavor depends upon the leaf being preserved in its natural state, possible only by pressing the leaves into plug form and keeping it in by covering it with a natural leaf wrapper. The natural flavor, and strength of tobacco escape when cut or granulated.

Take a Plug of Sickle that is even thoroughly dried out so that when you whittle it off it crumbles into dust, but it will burn and smoke smooth and cool as it has all of its original tobacco flavor preserved, unevaporated in Plug Form.

Whittling a pipeful is little trouble, amply repaid in both quality and quantity. Try this experiment and judge for yourself.

player who batted under a minimum figure or who fielded under a minimum figure would suffer deductions from the bonus earned in the other department. For instance: If a player hit .205 he would be entitled to \$1000 bonus money, but if he fielded only .200 he would be subject to a deduction of \$250 from the bonus earned in batting. If a player didn't earn any bonuses and hit and fielded below the minimum, no deductions are to be made, as the \$2000 straight salary would be his.

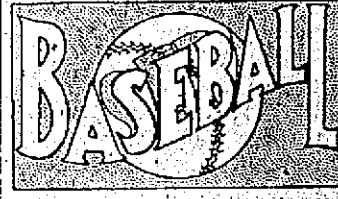

With our bonus system in operation an infielder who hit for .325 and fielded .965 would get \$2000 bonus for batting and \$1000 bonus for fielding, making a total salary of \$5000. That system seems to be a fair one.

Bonuses also could be arranged whereby a player would get \$5. for every stolen base, \$5. for each player participating in a double play and \$25 for each player participating in a triple play. Outfielders could be given an extra \$5. or \$10. for every man thrown out at the plate or at one of the bases and catchers could be given a small bonus for every man thrown out in an attempt to steal a base.

A bonus system of this sort would spur the players on to greater endeavor. They would know that only by hustling would they grab off a big salary. There wouldn't be any loafing. Every man would play every minute of the time. There wouldn't be any shirking. The gold would lure them on to greater feats. None of the batters would swing at the ball in a half hearted fashion. None of the pitchers would pitch as if the work was revolting to them. They'd work and they'd hustle from the first inning to the last.

Memorial Day.

Memorial Day is again close at hand, a day set aside shortly after the close of the Civil war by a grateful nation to do honor to the memory of the brave men who fought and fell for the preservation of the Union, and also to those who returned from the fields of suffering and death to resume their places in the ranks of the civil forces whose duty it was to rebuild a country that had been distracted, and in places devastated, by four years of cruel war.

The day should be of special interest this year for more than one reason. Because of the trouble in the Old World thoughts of war are uppermost in the minds of all the people, who are in a mood to appreciate the sufferings and sacrifices of men who offer their lives in defense of their country. Another reason for special interest in Memorial Day is the fact that the Grand Army of the Republic is an organization that is rapidly nearing the end of its glorious career. Unlike any other organization in the world, the Grand Army is not self-perpetuating. With the death of every member its ranks number one the less. There is no recruiting. The average age of the members is more than 70 years, and not much reckoning is necessary to bring us to a realization of the fact that this noble organization will in a few years be a thing of the past.

Under all the circumstances the observance of Memorial Day this year should lack no feature showing the full appreciation of a grateful people of the sacrifices made by the men who saved the Union from disruption in the dark days of '61 to '65. What they suffered and what they accomplished is familiar history, and no honor paid to their ranks, living and dead, can be too great. Let the children have a prominent part in the exercises because of the lesson in patriotism these duties will teach. Old and young should join heartily and reverently in the solemn observance. All honors that can be bestowed have been fully earned, and let none forget that, however long the observance of the day may be continued, the time is near at hand when the last veteran will have disappeared, and the Grand Army of the Republic will be but a memory.

Such honors as are to be paid to the remaining members must be paid soon, and a free and prosperous people can afford on one day of the year to lay aside their ordinary cares and stand shoulder to shoulder in paying just tribute to the men who at the sacrifice of health, limb and life snatched liberty and union from the brink of a dreadful abyss.

Concord is having a wrangle over the purity of its water supply, but probably there is no cause for alarm, as we haven't heard of any members of the legislature being made sick by drinking the Capitol city water.—Laconia Democrat.

Our advice to our Concord brethren is to boil their drinking water and to make it more palatable dump in some hops, barley and a little yeast. Our friends in Laconia have, we believe, never taken any chances with ordinary drinking water.

When Admiral Dewey presented to his wife the house which the people of the United States had given him there was storm of disapprobation, but when Thomas A. Edison, the world-renowned inventor, a few days ago turned over to his wife the medal that had been presented to him by the Franklin Institute he was applauded to the echo by the large audience that witnessed the presentation. How differently people see things at different times.

Mr. Voliva, the head of Zion City, Ill., founded by the late fanatical John A. Wowie, is to conduct a revival in Chicago between now and the time of Billy Sunday's appearance there. But he will not be able to sweep the floor so clean that there will be nothing for Mr. Sunday to do. When it comes to evangelism of the lurid sort Billy has got 'em all "skun," and Mr. Voliva will reap little glory by butting in ahead of him.

A physician recently invaded New York city with \$200,000 worth of drugs and had worked off all but \$50,000 worth by the time he was detected and arrested. He will probably be severely dealt with by the law, as he should be. But the incident goes to show that in the field of drugs as well as that of alcohol prohibition does not always prohibit.

War is a great thing for opening up opportunities. Great Britain is now ready to accept men for the army who are 40 years old and who stand only five feet and two inches in height. This is quite a come-down from the rules that obtained in time of peace.

Admiral Von Tirpitz of Germany

As He Looks In His Conservatory.

Photo by American Press Association.

In the accompanying illustration is shown a striking photograph of Admiral von Tirpitz, head of the German navy and the man who is said to be directly responsible for her submarine war, seated in the conservatory of his home in Berlin. Immediately after the torpedoing of the Lusitania, resulting in a loss of more than 1,000 lives, there was talk that Admiral von Tirpitz had resigned his post. Later reports proved this untrue. Apparently Admiral von Tirpitz still has the confidence of the German emperor.

LADY FORESTERS' CONVENTION

The Grand Circle Companions of the Forest of America of New Hampshire in session at Derry Thursday and Friday was attended by a very large number of the order from about every section of the state. The convention was held in Red Men's Hall where the grand officers and the several delegates were welcomed by Alden G. Kelley of that town. The important work of Thursday was the election of grand officers which are the following:

Past chief companion, Margaret Clark of Concord; chief companion, Margaret Fitzgerald of Wilton; sub chief companion, Nellie T. Lyons of Nashua; financial secretary, Mary Ryan of Portsmouth; recording secretary, Eva Sutton of Derry; grand right guide, Annie Hamilton of Exeter; grand left guide, Dora Sullivan of Manchester; grand inside guard, Mrs. James Gilbert, Grand Treasurers, Mrs. Mary Shea of Keene, Mrs. Mary Adams of Concord, Miss Lucile of Nashua; grand supervisor of Laws, Mary Dowling of Manchester; grand Marshal, Mrs. Margaret Meade of Portsmouth; grand marshal, Dora Sullivan, Manchester.

Included among the delegates in attendance were the following: From Manchester, Lizzie Lee, Annie Patnode; Keene, Nellie Ellis; Portsmouth, Mary Kellier, Mrs. Mary Ryan, Mrs. Jennie Leary, Mrs. Eleanor Coffey; Nashua, Mary Roman, Emily Stanton, Grace Healey, Celia Berwin; Exeter, Annie Collins; Concord, Louise Phares, Mina Keeler; Derry, Martha Fitzgerald, Catherine Sharoh; Claremont, Lizzie Bell, Eva Young; Wilton, Jennie Raymond; Peterborough, Virginia Jarvis; Bennington, Mary Sullivan, Maude Wisell.

These grand officers were also present: Past Grand Chiefs, Annie Joyce of Nashua, Annie Leach of Manchester, Annie Lynch of Portsmouth; Junior

Past Grand Chief, Mary Higgins of Peterborough; Grand Chief Companion, Margaret Clark of Concord; Grand Sub Chief Companion, Margaret Fitzgerald of Wilton; Grand Financial Secretary, Nellie T. Lyons of Nashua; Grand Treasurer, Mary Ryan of Portsmouth; Grand Recording Secretary, Eva Sutton of Derry; Grand Right Guide, Annie Hamilton of Exeter; Grand Left Guide, Dora Sullivan of Manchester; Grand Inside Guard, Mrs. James Gilbert, Grand Treasurers, Mrs. Mary Shea of Keene, Mrs. Mary Adams of Concord, Miss Lucile of Nashua; Grand Supervisor of Laws, Mary Dowling of Manchester; Grand Marshal, Mrs. Margaret Meade of Portsmouth.

The delegates voted to hold the next state meeting at Hampton Beach in June, 1917.

The closing feature of the evening was an excellent banquet at Hotel Bradford at 9.30 at which about 75 members of the convention were served, with officers of Court Nutfield, P. of A. as guests.

The closing business of the convention today was an auto ride to the quaint residential town of Chester.

GETTING THE DEALER'S ATTENTION

When a manufacturer advertises his product in the newspapers he immediately secures attention from the retailers. They are newspaper readers and many of them advertisers. The retailers know that the manufacturers' newspaper advertising will be read by their customers. They know there will be calls for the goods. Their natural disposition is to co-operate and get as much business for themselves as they can. Manufacturers interested in the problem of "dealer influence" are invited to communicate with the Bureau of Advertising, American Newspaper Publishers Association, World Building, New York.

CURRENT OPINION

Ideal Country Would Be That Where Neither Sex Was Predominant.

The woman of the last century, perfumed, languid and made only to please, is fast losing her appeal. Men now demand the energetic, intellectual woman, who is a companion.

Yes; we have changed. Even in France we are coming to look upon women as friends instead of playthings. But it will be in America that women will reach their highest powers, for here they have the most freedom.

The ideal country would be where the two ideals were held and neither men nor women would be entirely predominant.

We are working for women's enfranchisement in France, and I think after the war is over the women, completely aroused to their need of freedom, will insist on having a voice in the government. But there is one thing the French woman can teach her American sister. That is respect for men. If a woman could be both entirely liberated, as she is here in America, and yet retain a real respect for her husband and brothers she would be happy indeed. Moreover, it is only when we have full suffrage for women that we will be rid of alcoholism.—By M. Jules Bois, French Feminist and Author.

SEIZED BARREL OF LOBSTERS

Maine Warden Very Active at York Beach.

O. T. Stackpole, one of the Maine fish wardens was at York Beach a few days ago where he made a seizure of a barrel of short lobsters at this fishing road, freight house. The barrel, containing 50 of the unlawful Crustaceans, and the detective claims it was the property of Raymond O. Wear, a fish dealer at the beach.

On another visit to the region Stackpole got track of eight shrimps which he was unable to seize, since the alleged owner threw them off the wharf before the detective could get possession of them. Mr. Stackpole, however, saw the lot as they sank to the bottom and counted eight. He has ordered W. A. Bridges of York Harbor where the find was made and whom he claims owned the lobsters, to settle. Neither party has as yet appeared in court.

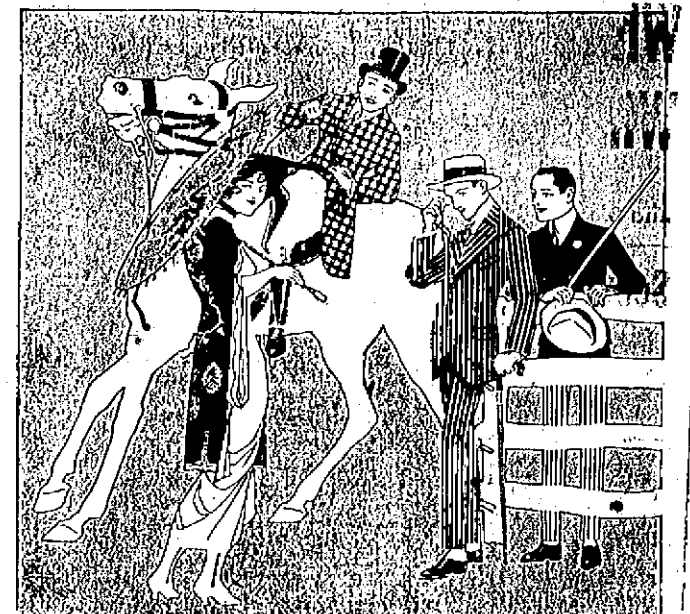

The banquet to be tendered Capt. Giffith at the Elks Home has been postponed until next week.

KITTERY TO HAVE Y. M. C. A. BRANCH

Movement Started to This End and
Further Plans to Be Made at
Meeting Sunday

A most interesting and important movement is about to be started in Kittery for the welfare of the men and boys of that town. This is the establishment of a Young Men's Christian Association Branch, and A. A. Heald of Waterville, field secretary of the Maine State Y. M. C. A., and C. F. Hosmer, of Kennebunk, have been in that town recently in the interest of the work.

They desire to establish a work that shall have permanency and proper oversight for the days to come. This work will not be the erection of a building but a work without equipment. It is the plan to establish a line of work involving a number of the towns in this vicinity over which a man will be selected by the Y. M. C. A. to supervise all things that pertain to boys' work as well as among men. The secretary so appointed will give from one to two days per week to each of these towns. He will make a thorough canvass of the place to ascertain the real conditions and also find the latent forces that are present to develop them in lines of usefulness and character.

This movement is entirely un denominational. It will not be the purpose to supplant the work of the churches but assist them in their work among the men and boys. There will be an effort made to select leaders and develop leadership among the folks in the town. It will involve organizations of classes, and definite and constructive play life, and vocational work. It is receiving the hearty co-operation of the leading citizens of the town among whom the above workers have made their appeals. This should meet with the unanimous response of the whole town as it involves the whole life of the present and future generations. Kittery is a very good field as well as a very needy field for such a work.

On Sunday afternoon at 3 o'clock at the office of Senator Aaron B. Cole, a meeting is to be called for all the committees of the churches as well as

others who are interested to assemble for the purpose of arranging for a mass meeting later and a proper canvass of the town for the work. Mr. C. F. Hosmer, who has charge of this sort of work in Kennebunk, and is doing a great work there, will be present and help in the formulating of plans to this end.

The great need of a Y. M. C. A. in Kittery has long been felt and this movement seems to be a step in the right direction.

DOVER FIREMEN GET TRUCK

New Apparatus Purchased
for Use of Department.

The committee of the Dover City Government composed of Aldermen James Marshall, Councilmen James Russell and Frank Meserve, has purchased a fire truck for the fire department.

The truck is a model 21, two-ton truck, weighing 3,800 pounds, made by the Winston Auto Company of Detroit, Mich. The body and equipment of the truck is to be made by the Amoskeag Motor Fire Apparatus Company of Manchester. The contract calls for the delivery of the truck by July 10, but it is expected that it will be delivered so that it can be used July 4.

The machine selected is a combination double tank chemical and hose wagon with a six cylinder motor and has 48 horsepower. There are four speeds, forward and reverse, the direct driving being on the third speed. The gear ratio is 64, which gives the car a speed with eight firemen and all equipments on of 35 miles an hour.

RAILROAD NOTES

Chief Examiner M. A. Randall of the Boston and Maine has arrived at the local station with the color test car and is conducting the required examination of employees.

An employee of the Boston and Maine recently purchased a boat for pleasure and fishing which he tied up at Noble's Island. He had hardly taken possession of the craft when somebody punched a hole in the side and she went to the bottom. His associates at the railroad yard have taken the case in hand and are doing some Sherlock Holmes stunts to bring the man who committed the act face to face with the law.

Engineer John Bennett of the Conway branch is confined to his home by illness.

To accommodate the travel on Saturday and Monday the Boston and Maine has arranged to run several passenger trains in sections over the Portland division.

WHEN DINNER COMES

One Ought to Have a Good Appetite

A good appetite is the best sauce. It goes a long way towards helping in the digestive process, and that is absolutely essential to health and strength.

Many persons have found that Grape Nuts food is not only nourishing but is a great appetizer, and children like the taste of it and grow strong and rosy from its use.

It is especially the food to make a weak stomach strong and create an appetite for dinner.

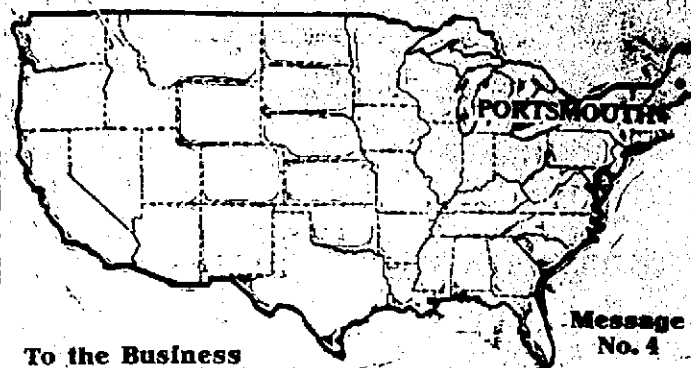

"I am 67 years old," writes a Tennessee grandmother, "and have had a weak stomach from childhood. By great care as to my diet I enjoyed a reasonable degree of health, but never found anything to equal Grape-Nuts as a standby."

"When I have no appetite for breakfast and just eat to keep up my strength, I take four teaspoonsful of Grape-Nuts with good rich milk, and when dinner comes I am hungry. While I get without any breakfast I never feel like eating dinner. Grape-Nuts for breakfast seems to make a healthy appetite for dinner."

"My little grandson was sick with stomach trouble during the past summer, and finally we put him on Grape-Nuts. Now he is growing plump and well. When asked if he wants his nurse or Grape-Nuts, he brightens up and points to the cupboard. He was no trouble to wean at all—thanks to Grape-Nuts."

To the Business
Men of Portsmouth

A young doctor, making a start in a small town, decided that to be prosperous he must look prosperous. He bought a new buggy and two good horses. Although he had only a few patients he always kept on the jump, attending to his patients' smallest needs. People began to notice this young doctor driving about town and they called him because he looked busy and prosperous. He got his start—a start that led to a comfortable practice.

A town, like this doctor, must look prosperous to be prosperous. Clean streets, attractive store windows, well-painted buildings and dwellings give the prosperous air. Well-painted buildings are greatest of these.

APPEAL TAKEN

Claim Errors in the Trial of
Oscar J. Comery.

Briefs for the defense in the case of the State vs. Oscar J. Comery of Manchester, condemned to death for the murder of his wife, have been filed with the supreme court, and the appeal will be in order for argument at the coming June session. The appeal is based on several errors noted at the trial but the principal points to be mooted is the legality of the procedure of Judge Kivel in putting Comery on trial after he had pleaded guilty to murder in the first degree.

MISS DRAKE HELD RECEPTION FOLLOWING BRILLIANT CONCERT

Many Former Pupils Present to
Speak With Her After Listening to
the Fine Program.

On Thursday evening the pupils of the old Walker school gave an "Auld Lang Syne" concert in honor of their former teacher, Miss Susan P. Drake, in the Middle Street Baptist church.

Practically every seat in the church auditorium was filled and the occasion proved to be one of great pleasure. The program presented was an excellent one and all of the artists were heartily received.

Mrs. Sadie Dickey Simpson, the mezzo contralto of New York, was especially pleasing in her renditions. She has an exceptionally sweet voice and her enunciation is excellent.

Mrs. Fannie Hoyt Cowles, violinist, accompanied by Mrs. Fay Hoyt LeFavre, rendered several selections and graciously responded to queries. She is a musician of great merit.

The work of Charles W. Gray, John W. Mitchell and the Masonic Quartet is too well known for further comment other than that they came up to their usual high standard last evening.

The musical program of the evening was preceded by remarks by Rev. William P. Stanley and Rev. Alfred Gooding. The remarks of both gentlemen were listened to with much interest, Mayor Harry D. Yeaton who was to have been present and make a short address, was unable to do so on account of another engagement.

The program:
Selection—College Medley... Robinson
Masonic Quartette

Solos:
a. An Evening Song... Gilberto
b. A Mother's Cradle Song... Gilberto
c. Forever and a Day... Gilberto
Sadie Dickey Simpson
Violin—Thema and Variations...
Fannie Hoyt Cowles
Mrs. Fay Hoyt LeFavre, Accom.
Solo—Good Bye... Tosti
John W. Mitchell
Solo—A Perfect Day... Bond
"Sweetheart I Think of You"
Sadie Dickey Simpson
Selections

a. Come Where my Love Lies Dreaming
b. In Absence... Masonic Quartette

Solos—
a. Inspiration... Titecomb
b. A Birthday... Titecomb
Sadie Dickey Simpson
Violin—(a) Confidence (Song without words)... Mendelssohn
(b) Entr'acte-Gavotte... Gillet
Fannie Hoyt Cowles
Mrs. Fay Hoyt LeFavre, Accom.

Solos—
a. Off in the still night... Moore
b. Flow gently sweet Afton... Spillman
Charles W. Gray
Solo—Ave Maria... Mascheroni
Sadie Dickey Simpson
Selection—Sunset... Van de Water
Masonic Quartette

Mrs. Sadie Dickey Simpson, Mezzo Contralto.

Mrs. Fannie Hoyt Cowles, Violinist.
Mr. John W. Mitchell, Tenor.
Mrs. Charles W. Gray, Baritone.
Mrs. Fay Hoyt LeFavre, Accompanist.

Mr. A. M. Doolittle, Accompanist.
Mr. George D. Whittier, Violin.
Portsmouth Masonic Quartette—
Wesley L. Cook, 1st tenor; Charles W. Gray, 1st bass; John W. Mitchell, 2nd tenor; H. P. Montgomery, 2nd bass.

Very attractive souvenir programs were used on which was the well known poem "Auld Lang Syne," and this little verse:

"Give her of the fruit of her hands; and let her own words praise her in the gates."

Following the concert, an informal reception was held in the church annex. Miss Drake, in whose honor the concert was given, was present and she was heartily greeted by a large number of her friends and former pupils. The occasion was one to be long remembered and cherished.

Several of the teachers in the old Walker school were present at the reception. Miss Drake is hale and hearty

and greeted her former pupils pleasantly. Her memory is wonderful and many a hearty laugh followed when she mentioned little incidents that had happened years ago when those grown men and women were her boys and girls in the little school house.

EDISON NOTES

William Wadsworth, Edison

Practically the first and most notable screen presentation of the serious side of the Hebrew is given to the screen by the Edison Company, in the four-part feature, "Cohen's Luck," by Lee Arthur, the noted dramatist who wrote "The Auctioneer" for David Warkentien. This was one of his greatest successes. Like that play, "Cohen's Luck" depicts without exaggeration the Hebrew nature, and as a comedy drama tells, with its tears and laughter, the trials and the ups and downs of a Hebrew merchant character who is in the hands of the capable William Wadsworth, remembered for similar work when with Annie Russell. The play is unique as all the characters are Hebrews.

Already connected with distinctive character creations of the screen where subtle shading revealed a mastery, William Wadsworth gave a remembered portrayal to the screen as "Cohen."

Now indeed come to the stage from the profession that Mr. Wadsworth did, especially when they had been so successfully associated with it. For he was of the party of civil engineers who, in the United States Coast and Geodetic Survey, surveyed the longest line in the world—the 39th parallel, which, until that time was imaginary though the most important calculation line in the world. But when President Cleveland found his clever working, Wadsworth found himself minus a government job and in Chicago where Modjeska, the famous actress, was playing with Otis Skinner. When Modjeska was recalled to Europe, the Shakespearean repertoire company was taken by Skinner in the latter's first starring season which also gave Wadsworth his first opportunity on the stage in character comedy. He then went with A. M. Palmer's "Deceit" and made a hit as the negro "Deceit."

The next five years were spent in stock companies in Pittsburgh, Denver, Kansas City, Philadelphia and Memphis, also in character comedy roles. Two years in "The Prisoner of Zenda" went, then Wadsworth spent six years with Blanche Walsh in noted plays, where he created practically all the parts he appeared in, including "Resurrection," "The Woman in the Case," "The Straight Road" and "The Krutner Sonata." Then came "The Bridge" as the Italian; and two years as the original "drunk" in "The Gay Life." Few characters are so laughably remembered as Wadsworth's burlar in "Seven Days."

With this career, Wadsworth went to the screen—to Edison—to do characters that would be more than shadowy figures, and his work since that time in comedy—that needs not slapstick and klieg to "get over"—stands by itself for in real comedy he is at his best and remembered best. In such films as "The Winking Parson" and Wood B. Wood of the series of that name, in "Why Girls Leave Home" he gives highly artistic reason for holding a preeminent position on the screen as a comedian who creates characters that cause us to laugh with the enjoyment of care-free children.

SHE

Truly capricious,
Off in the clouds,
Difficult, sometimes, to please;
Mind ever changing,
Always disarranging,
Making one feel ill at ease;
Partly deceiving,
Just make believing,
Off when we think her to be
Earnestly serious,
Meekly imperious,
This enigmatical She!
Steadfast, yet various,
Certain, precarious,
Such an admixture have we.
Loving most, fearing;
Slighted, endearing,
Mental cross purposes show.
Venally plous,
Fair with a bias,
Pathless being, we know,
Foolish and fickle,
Tongue sharp as sickle,
Timidly shrinking, yet brave;
Where her faults glaring,
We would be swearing,
Man will be ever her slave.
—J. E. Moore.

TOPOGRAPHICAL MAPS.

Mr. Walter H. Mowry of the "Acorn" received last week a request from the U. S. Topographical Survey, Department of the Interior, at Washington, to represent the Survey in this district and supply the topographical charts to such as may desire.

As Mr. Mowry has been familiar with these government maps for a number of years, having handled them in Boston, he has accepted the appointment and will, after the government sends the supply, be able to furnish these accurate maps to any interested.

These surveys are the most nearly accurate as to outline, boundaries, location of roads, towns, etc., and the general contour of the country procurable. All other maps are based upon these.

Many of the men at work in the gray and brownish moth work use these maps daily.

BEATS OWN RECORD ON RESCUE TRIP

U. S. S. SOUTH CAROLINA MADE
FAST TIME GOING TO AID
RYNDAM

New York, May 27.—The Holland-America liner Ryndam was safe in port here today with passengers and crew once more on board, after a collision and a narrow escape from destruction early Wednesday morning off Nantucket shoals. The Norwegian freighter Joseph J. Cuneo which rammed the Ryndam about the foremast, crept in an hour later, with ten feet of her bow crumpled by the impact.

Four transfers, two at sea and two in New York harbor, left 42 of the 76 passengers who sailed from New York on the Ryndam Tuesday afternoon, back again aboard the Dutch liner. These passengers and 150 members of the Ryndam's crew were taken aboard by the Cuneo at 4.30 a. m. Wednesday, half an hour after the two steamers collided.

At 6.30 a. m. the Cuneo transferred the rescued passengers and seamen to the U. S. battleship South Carolina which distanced three other battleships of the Atlantic fleet in a race started by the call for help from the wireless aboard the Ryndam. The South Carolina brought the shipwrecked company to this port and transferred them at 1.30 a. m. today to the steamer Thomas J. Millard, of Tompkinsville, S. I.

Meanwhile the Ryndam with 50 of her crew still aboard came in under convoy of the battleship, Texas, and anchored off South Brooklyn. There she received all but a dozen of her passengers and the rest of her crew from the Millard, after which the disabled steamer started up the river to her dock in Hoboken. The 12 passengers who stayed on the Millard were landed at Hoboken early in the day.

The Holland-America line intends to forward all the passengers who wish to go to Rotterdam, on their S. S. Rotterdam, due to sail Tuesday.

Four Battleships Rushed to Rescue

Four battleships, the South Carolina, Louisiana, Kansas and Michigan, were on their way to Norfolk, Va., from the war game of the past week off the North Atlantic coast when they picked up the Ryndam's S. O. S. call shortly after 4 a. m. Wednesday. Immediately they changed their course and rushed at full speed to the aid of the stricken ship 50 miles away. One of the South Carolina's officers said that she made the 60 miles at an average of 10 3/4 knots per hour, a speed he said better than her best previous record.

H. D. Bos, purser of the Ryndam, said that the passengers were asleep at the time of the accident. "I was in bed and asleep myself," said Mr. Bos. "I looked out through my port and saw the Cuneo backing away."

South Carolina on the Spot

Shortly after 6 a. m. the battleship South Carolina came up, and soon afterwards the other war vessels arrived. The men of the South Carolina were ready, and in an amazing short space of time boats and steam launches were in the water and all around the Cuneo. We were taken aboard the South Carolina in our own boats and the boats were hoisted to the decks. Officers and men of the South Carolina while we were their guests gave us every possible attention.

The only person injured was Adam Young of Rotterdam, a cabin passenger. Mr. Young is a cripple with a cork leg. The fastenings to the leg gave way while he was being transferred to the Cuneo and he slipped and bruised his knees."

One young woman left the Ryndam clad only in her night dress covered by a raincoat. The property room of the South Carolina's theatrical talent met the main deficiencies with the exception of stockings, and this item was provided by one of the junior officers, who during review week in New York has purchased some for a present to a relative.

The Joseph J. Cuneo steamed into port an hour after the Ryndam docked. Her bow was smashed, her plates bent to port, and forced back till both anchors were jammed in the harbor pipes, and she was down by the head. Otherwise her captain pointed out, she was all right, her engines and machinery being undamaged.

MUST GIVE VALUE.

Passenger to Declare Worth of
All Personal Baggage.

On and after June 1 all persons who check trunks on railroad tickets will be obliged under the provisions of the Cummins act mandating the Interstate Commerce laws to declare the value of their baggage.

A dishonest declaration of baggage will be a misdemeanor. Railway officials are now working on plans to enable their subordinates to enforce the provisions of the act with the least possible inconvenience to the traveling public, but they are not altogether sanguine that the new regulations will be popular with tourists and others who will check trunks when the bus hits the seashore and the country resorts begin.

The railroads now carry trunks and other baggage not exceeding 150 pounds in weight free with tickets of transportation and assume liability

LA TENA'S CIRCUS COMING

La Tena's Circus will show here in Portsmouth on Wednesday, June 3. The Haverhill, Mass., Herald had the following to say of the show after its appearance in that city:

REAL CIRCUS SEEN IN RIVER STREET GROUNDS

La Tena's Show Proves Itself First Class Attraction in Every Way

Bright and clean and overflowing with genuine acts of worth-while quality, La Tena's Big Wild Animal Circus played to capacity crowds here yesterday, pleasing young and old alike, with its excellent program of novel numbers, more than one of which would have done credit to a much more pretentious show. Everything about the show was clean and well regulated, the costuming and staging of the various acts was beyond reproach and the entire outfit proved one of even quality and considerable merit.

It was Haverhill's second taste of circus entertainment this season and the show offered by the La Tena outfit was so far in advance of that given here by Wheeler Bros. last week that no comparison is possible. Both in the quality of the program and in the show, La Tena's circus played a genuine credit to the show business as a whole.

From the opening parade to the final number there was not a dull moment for somewhere, either in the ring, on the stage or within the big steel animal arena, an act worthy of notice was in progress. A feature that proved well worth the price of admission alone was provided by Wesley's seals, an aggregation of trained animals that would be hard to equal anywhere.

They play ball, play in a band and one old fellow actually succeeds in walking a tight rope unaided. In a grand finale Wesley's seals would be termed a big time act, as a circus attraction the number has few equals.

Other animal acts worthy of more than passing notice were Walter Allen and his performing elephants, Buckman's Bears and last, but by no means least, Marguerite's lions. A fancy riding act, featuring a tango on horseback, favored of the Harnum and Bailey show and was done with grace and ability by two clever equestrian performers. The program also included a very clever troupe of wire walkers who did many novel tricks and a gifted family of contortionists besides a number of aerial performers of merit. Trained dogs, a small army of clowns and a host of other attractions added the necessary variety and all in all it was a very fine entertainment.

DEATH OF C. H. DREW.

Well Known Farmer and Ex-Secretary of South Berwick.

Charles H. Drew died suddenly Wednesday afternoon at his home in South Berwick.

Mr. Drew was 72 years of age. He was born in Ansonburg, Mass., a son of John P. and Mary Alice Drew. He was a shoemaker during his early life and had resided at Stratford, Conn. and New Wood, N. H., coming to South Berwick nearly 25 years ago, where he has since conducted a large

farm. Mr. and Mrs. Drew celebrated their golden wedding April 7, 1921. Mr. Drew was a Republican. He had served as selectman several terms. He was a member of St. John's Lodge, A. F. and A. M.; Olive Branch Lodge, I. O. O. F., and was also connected with the Argemoneus Bazaar. He is survived by a wife, one daughter, Mrs. George Clifford of Berwick; two brothers, Albert E. Drew of Rochester, N. H., and Edwin W. Drew of Stratford, N. H. The funeral will be held at the home Saturday afternoon at 1.45 o'clock.

SENATOR WEEKS AS NEW ENGLAND'S CANDIDATE

(From the Washington Star)

Although as Mr. Weeks says, Mr. Burton is the only announced candidate, at least ten men—and all of them good men—are under discussion in connection with the Republican nomination for President. Three fellow Buckeyes are keeping Mr. Burton company. Ohio, the home of the capable politicians and strenuous politics, offers four names from which the party may choose. A formal announcement by an aspirant is hardly necessary.

The Massachusetts senator is himself under the glass, and the inspection is complimentary. Some hard-core things are being said about him. His record is well known. His services in the House were so satisfactory he was promoted to the Senate; and in the Senate, in a short time, he has become a leader. Nobody doubts his ability to meet the requirements of the highest office under the government.

What Mr. Weeks suggests about his strength at the national convention in case of his candidacy is of moment. Simply as the favorite son of Massachusetts he would command but limited attention, but as the candidate of New England he would bulk well. And thus far, his is the only name for that section mentioned for the Republican first place.

A PECULIAR DUEL

Two Frenchmen in Boston had a trouble which resulted in a challenge which was readily accepted. The preparations were all made and the place, Portsmouth, was the appointed place for the duel.

Both parties started for Portsmouth at the appointed time, one went to Portsmouth, New Hampshire, the other to Portsmouth, R. I. Whether by accident or design is not known. If the duel occurred it was a long and safe shot. All this was in 1824, and is told in the Galaxy of that date, and copied into the Portsmouth Journal of July 17, 1824, as a matter of fact.

ODD FELLOWS MEMORIAL DAY

Osgood Lodge, No. 48, I. O. O. F., will hold their annual Memorial Services Sunday, June 29, at the Odd Fellows hall at 2 p. m. The address will be delivered by Rev. Percy W. Caswell, pastor of the Court street church. The church choir will furnish music. The other Odd Fellows lodges will take part in the services. Canton Sealer will furnish escort in full uniform. The regulation I. O. O. F. Memorial flags will be used for decoration.

PUBLIC SCHOOLS HOLD MEMORIAL EXERCISES

Visited By Members of Storer Post, G. A. R., Storer Relief Corps, and Camp Schley, S. W. V.

The various schools in this city were visited today by members of Storer Post, No. 1, G. A. R., of Camp Schley, Spanish War Veterans, and of Storer Relief Corps. Exercises were held appropriate to Memorial Day, and the various speakers spoke to the children on the meaning of the day.

A pleasing feature of the exercises was the reading in each school of an address prepared by Patriotic Instructor Joseph Doolittle, of Storer Post, who was unable to participate in the observances on account of illness. It has been Mr. Doolittle's custom every year to visit the schools and deliver an address. He has been seriously ill the past month and knowing that he would be unable to keep up his custom this year, he wrote out an address which was read in all of the schools.

Exercises were held in the following order:

9.30 a. m. Cabot street school. Speakers, Captain Isaac Jenness and James W. Watkins, accompanied by Mrs. Nellie Twombly, of Storer Relief Corps.

10.30 a. m. Farragut school. Here the children of the entire school were massed in the school yard where they were addressed by Messrs. I. T. Burnham of Storer Post and Patriotic Instructor James Reamy, of Camp Schley. They were accompanied by Mrs. Orintha Carl and Miss Edith Paul, of the Relief Corps.

11.15 a. m. Haven school. Grades 1, 2 and 3 carried out the following program in their rooms:

Flag song.....By school

Flag salute.....Children

A Veteran's Address.

Poem.....By school

Singing of "America".....School

Addresses by Major David Ureh, Henry Paul and John A. Peterson of Storer Post.

Following these exercises similar ones were held at the South Ward Room by the upper grades of the Haven school. The same veterans spoke, and they were accompanied by Mrs. Christine Walker and Mrs. Nellie V. Moody, of Storer Relief Corps. The following is the program:

Song—"To Thee, America".....School

Flag Salute.....School

Letter from Joseph Doolittle, read by Principal M. P. Rothwell.

Concert recitation—"Our Flag".....School

Address by Major David Ureh.

Singing of "America" by school.

11.30 a. m. Spaulding school. Speaker, Thomas Entwistle. He was accompanied by Mrs. Blanche Blake and Mrs. Lizzie Tucker, of the Relief Corps.

11.45 a. m. High school. Exercises were held in the assembly hall, the speakers being Messrs. M. H. Bell and James Morse, of Storer Post, and Commander William E. Stevens of Camp Schley. They were accompanied by Mrs. Christopher Smart and Mrs. George D. Whittier, of the Relief Corps.

1.30 p. m. Franklin school. Speaker, William H. Smith of Storer Post, accompanied by Mrs. Eva Walker and Miss Grace Merrill, of the Relief Corps.

2 p. m. Whipple school. Speakers, Messrs. M. H. Bell and L. T. Burnham of Storer Post, and Commander Stevens of Camp Schley, accompanied by Mrs. George Woodward and Miss Fannie Deverson of the Relief Corps.

2.15 p. m. Woodbury school. Speaker, William H. Smith of Storer Post, accompanied by Mrs. Charles Hodgdon and Mrs. Mary Spinney of the Corps.

2.45 p. m. Lafayette school. The entire school assembled in the school yard where they were addressed by Messrs. Henry S. Paul and John A. Peterson of Storer Post. They were accompanied by Mrs. Annie Goodrich and Mrs. George Phisted of the Relief Corps.

Although no speakers of the G. A. R. were present, the Phadus school and the old Lafayette school held exercises. The former school was visited by Mrs. Frances Young and Miss Viola Young, of Storer Relief Corps.

Exercises will be held this evening at Newington town hall by the school children of that town. At this time Commander Charles E. Dodge and M. H. Bell of Storer Post will speak.

SMOKE, BUT NO FIRE.

An oil stove which filled the house with smoke was the cause of much excitement at the home of Mrs. Eur-

ina Jenness on Bow street today. During the excitement a call for the auto chemical was sent in, but the crew found no fire on their arrival. The house is owned by Chadwick and Trefethen.

UNITED IN WEDLOCK.

BOY INJURED.

Metal From Torpedo Lodged in His Face.

Michael Crowley, a boy of twelve years, sustained a severe injury on Thursday by the bursting of a railroad torpedo which he caused to explode by pounding on the same with a rock. A fragment of the flying metal lodged

deeply in the left cheek causing a bad wound. He was attended by Dr. Taylor.

ANOTHER DECLINES.

Two Democrats Refuse Appointments by Governor.

Doctor Bowles of Plymouth has notified Governor Spaulding that he will not accept an appointment to the new state board of trustees. He is a Democrat and the only other Democrat who was appointed, Hon. Clarence B. Carr, has also declined. The board will consist of ten members, eight Republicans who were suggested for appointment agreed to serve.

Memorial Day is sort of an informal "opening day" in summer suits and hats. Our display of summer clothes and hats is now at the height of completeness and excellence. As usual we are looking for the young men who want class in their clothes and we've a fine showing for them in Stein-Bloch, and Kuppenheimer's young men's models. Shepherd checks, Tartan plaids, novelty mixtures and the perennially popular blue serges.

WHAT CAN BE MORE ACCEPTABLE THAN A PICTURE?

Pictures can be classed as necessities in all homes.

There is always a superfluity of cheap, light-weight silver and a scarcity of pictures among presents especially WEDDING PRESENTS.

A picture is never used up, never thrown aside, but is always a pleasing reminder.

And pictures are not always costly. A good subject, framed appropriately and tastefully, may be had for the price of an undesirable and cheap piece of glass or silver.

IF YOU ARE A DOCTOR

Suppose you are treating a sick child. You usually leave the directions for bathing, medicine, etc., with the mother, don't you? And you very likely are paid by the father. Those are the two sides of the family—the Home side and the Business side. Did it ever occur to you that political life should be family life on a big scale? At the present time the fathers look out for the nation's business; but there aren't any political mothers to take or give directions about pure food, ventilation, clear water, garbage and clean streets. You know how women work for children. Are you afraid to let them work for the country? Or will you help women in the same good way at the ballot-box as you help them at the bedside? Will you use your influence and vote for equal suffrage?
